

Prescribed Fire Field Day & Tour

Monday, September 13th, 2021

10:00 AM— 2:00 PM

45461 Coon Creek Ave, Mills, NE & 89848 HWY 137, Newport, NE

Join the Rowan and Connell families along with the Niobrara Valley Prescribed Fire Association on a public tour of past prescribed fires. Hear from the landowners why they chose prescribed fire and how it can benefit your operation as well!

Topics:

- Previously burned site tours (1, 4, and 5 years old)
- Effects of fire on Eastern Red Cedar and other woody species
- Forage benefits and range health
- What to expect before, during, and after a burn
- How burns in every season are all possible and benefit ranches in different ways

Free to attend. Lunch and drinks will be provided.

To guarantee a lunch, please pre-register by September 10th by emailing or calling Ashley Oblander—ashley.oblander@tnc.org or 402-722-4440

Directions to first site: From the intersection of Highways 137 and 12, head west on Highway 12 for 2 miles. Turn south onto Coon Creek Ave and travel 0.6 miles to site.
