

2024 Kansas Winter Grazing Conference

Steven Kenyon, Alberta, Canada
Greener Pastures Ranching Ltd.

2 Event Locations: 9:00am to 3:00pm

A custom grazing business in Alberta where they regeneratively manage approximately 2500 acres of leased land and run about 1,100 head of cattle each year. The mission statement of Greener Pastures is "Economic and Environmental Sustainability for Generations." Steve believes it is important to provide an enjoyable, profitable and sustainable business for future generations. It is also a priority to maintain healthy soils and to build biodiversity in order to ensure that our agricultural businesses remain profitable and sustainable.
