

Fire Seasonality and Frequency Tour

Tuesday, August 27th, 2024

2490 Road 45, Linwood, Nebraska

10:30 AM–2:30 PM

Free—Lunch Included

Pheasants Forever, and Quail Forever in partnership with the Nebraska Game and Parks Commission, Natural Resource Conservation Service, Farm Service Agency, Partners for Fish and Wildlife, Nebraska Environmental Trust, and Nebraska Prescribed Fire Council will be hosting a tour on fire seasonality and frequency to help people understand the ecology of grasslands.

Topics to be discussed :

- See Fall Burned, Spring Burned, and Summer Burned Grasslands on One Site
- Effects on Cedars and Deciduous Trees and Shrubs
- Effects on Wildlife
- Effects on Grass and Forbs
- Site and Firebreak Preparation
- Tips for Each Season of Burning
- Live Fire Demonstration (Weather Dependent)

Registration is Required
